

Is there a mobile app for my FSA?

Yes. If you are enrolled in a reimbursement account with Sentinel you can download an app to manage your accounts including: your reimbursement account balances, account activity and transaction details, text message alerts to your phone, and the ability to submit health care claims and upload receipts using your mobile device's camera. It's fast, easy and secure! Search for "Sentinel (FSA, HRA, HSA)" and download the app from the iTunes App Store or Google Play.

There is a separate app for Retirement Accounts. The Sentinel Benefits app gives you real-time access to your retirement account balances as well as the ability to process account transactions wherever you are. Search for "Sentinel Benefits" and download the app from the iTunes App Store or Google Play.
