Consolidating your retirement accounts with Sentinel Benefits is as easy as 1, 2, 3.

At Sentinel Benefits, our goal is to make planning for retirement as simple as possible. Get started by consolidating your other retirement assets into your Sentinel account.

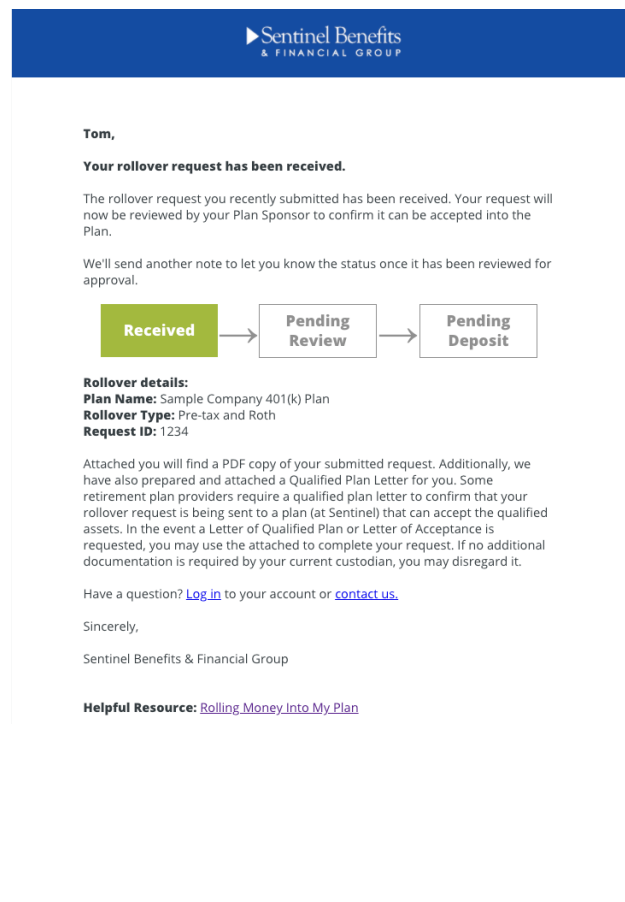

The online request form will require you to provide information regarding your request, including the money sources (Pretax, Roth, etc.) of the account you're rolling over. You will also be asked to provide the account type for the origin account.

Once submitted, you will receive an email notification (pictured to the right), that will include confirmation of your request. Your email will include two attachments:

1. A copy of your completed request form in PDF format for your records. Note, this document includes the instructs on how to make your rollover check payable and where to send it.
2. A Qualified Plan Letter, if needed, to begin your request with your prior vendor. Some retirement plan providers require a qualified plan letter to confirm that your rollover request is being sent to a plan (at Sentinel) that can accept the qualified assets. If no additional documentation is required by your former account's custodian, you may disregard it.

Your request will now be routed to your Plan Sponsor to review your request. We will notify you once their review is completed. If approved, you should proceed with sending your rollover check to the Plan's account using the payment instructions provided on your form.

I have read and understand the below.*

I understand it is my responsibility to request my distribution check. I also understand that if the expected amount does not exactly match the deposited amount, there may be a delay in the allocation of my funds. By submitting this form, I confirm that to the best of my knowledge, this is a valid rollover. I understand that if I later determine that the rollover was invalid, I am responsible for informing Sentinel Benefits. I understand that my rollover will be invested in the plan's default fund if I have not made any investment elections.
