

Reviewing a Denied Claim

If a submitted claim is denied you will receive a notification of denial by email directing you to view the details in your [online account](#).

1. GO TO MESSAGE CENTER

Once you are logged into your online account select Message Center from your Main Account page. There will be an indicator that you have new messages. You will need to allow POP-UPS in settings in order to see the letter:

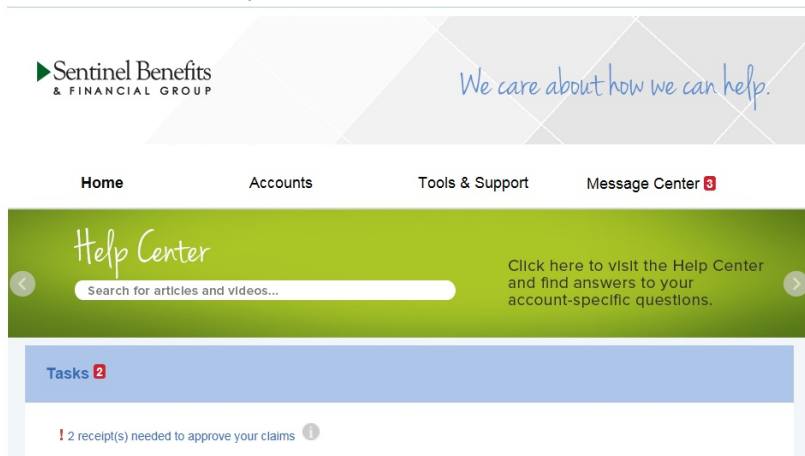

2. REVIEW CLAIM NOTICE AND DETAILS ON DENIAL

Once in the Message Center, click on the notice associated with your claim. Notifications Associated with claims:

- **Request for More Information** - Notification will be received when supporting documentation for a Debit Card transaction is provided and additional [supporting documentation](#) is required. Additional description and reasons for more information will also be on the letter if necessary. See example [here](#). To upload additional documentation find instructions [here](#).
- **Denial Letter** - Letter will explain denial reasons and further action required. See [example](#).
- **First Receipt Request** - Notification received after a debit card transaction that requires additional [supporting documentation](#).
- **Overdue Notice** - Second notification that additional documentation is required. This notification will be received 2 weeks after the first request is issued.
- **Ineligible Notice** - Notification received if:
 - Documentation was received and the item is not eligible for reimbursement. If the item was purchased using the debit card, the card will be suspended and the amount of the charge needs to be repaid to the plan. Please see instructions for [repayment](#). Note: The participant can file claims to offset a repayment but would need to add a comment when submitting their new reimbursement request that they would like to offset the repayment for a specific claim. In this case the repayment amount would either decrease, be wiped out (if exactly the same amount), or the reimbursement amount will be the approved claim submission minus the repayment amount.
 - Previous requests for documentation received no response. In this case, the transaction will be deemed ineligible and the debit card will be suspended.

3. UPLOAD ADDITIONAL DOCUMENTATION

When a claim requires additional information to be approved you will be prompted on your home screen to upload additional documentation (max 4 documents). Click on the link to view all of the claims for which you need to submit a receipt.

- In the receipts page you will be able to view additional details about the claim by clicking the **Details** link then **View Denial** to see details. To upload requested documentation Click on the **Upload** button
